## ABOUT BERKELEY AND ITS ENVIRONS

Perhaps the most distinguishing feature of the [City of Berkeley](#) is its diversity, from the large international population to the many varied restaurants, theaters and museums. We would like to invite you to experience this first-hand through a walk down the streets of Berkeley and visit the many bookstores and gift shops. Nearby, the luscious green of the [wine country](#) in Napa and Sonoma counties beckons, as do the metropolitan wonders of [San Francisco](#) with its famous sites, well-stocked shops, exquisite restaurants, and a variety of art museums and galleries. The majesty of the [redwood forests](#) and the marvelous California [coast line](#) is within easy reach, as is the city of [Monterey](#) with its [world famous aquarium](#) and neighboring [Carmel-by-the-Sea](#) with its many gift shops and galleries.

[Children's Hospital Oakland Research Institute](#) (CHORI) is the internationally renowned biomedical research institute of [Children's Hospital & Research Center Oakland \(CHRCO\)](#). Bridging basic science and clinical research in the treatment and prevention of human disease, CHORI is a leader in translational research, providing cures for diseases, developing new vaccines for infectious diseases, and discovering new treatment protocols for previously fatal or debilitating conditions. A collaborative nexus for innovative research and learning that stretches beyond local boundaries, CHORI is at the forefront of basic and clinical research that strives to change the world - one patient at a time.

[Stanford University](#) is recognized as one of the world's leading universities. Stanford's renowned professors offer students a remarkable range of academic courses that are paired with an extraordinary breadth of extracurricular activities and opportunities for research, independent study and public service. The Stanford School of Medicine is a research-intensive medical school that improves health through leadership, collaborative discoveries and innovation in patient care, education and research.

[The University of California at Berkeley](#) stretching from downtown Berkeley up into the Berkeley Hills, is known among scholars as the top-ranked public university in the world. Beyond the realm of first-rate research, the university also welcomes guests to enjoy the garden-like campus, as well as unmatched views of San Francisco and the surrounding Bay Area. The Berkeley Campus consists of 14 colleges and schools with a total 24,000 undergraduate students and 10,000 graduate students enrolled.
